PETITION PURSUANT TO 37 CFR 1.81
FOR WITHDRAWAL OF ABANDONMENT

Dear Sir:

This is in response to the Notice of Abandonment mailed on December 17, 2003 in the above-referenced application. The Notice of Abandonment indicates that the application has been abandoned for failure to timely or properly reply to the Notice to File Missing Parts mailed on January 18, 2002. A copy of the Notice of Abandonment is enclosed.

Applicants respectfully submit that the Notice of Abandonment has been issued in error. In particular, on January 28, 2002, Applicants filed a timely and complete Response to the Notice to File Missing Parts using Express Mailing procedures. Applicants' response included a copy of the Notice to File Missing parts, along with a fully executed Declaration and Power of Attorney, an Assignment, an Assignment

BEST AVAILABLE COPY

Recordation Cover Sheet, and authorization to charge the required fees to Deposit

Account No. 50-0309.

Enclosed is a copy of each of the following documents: (1) Notice to File Missing Parts of Nonprovisional Application dated January 18, 2002; (2) Applicants' Response to Notice to File Missing Parts of Nonprovisional Application bearing a Certificate of Express Mailing identifying Express Mail Label No. EV001787527US and dated January 28, 2002, (3) a copy of the fully executed Declaration and Power of Attorney submitted with Applicants' response to the Notice to File Missing Parts, (4) a copy of the Assignment and Assignment Recordation Form Cover Sheet submitted with Applicants' response to the Notice to File Missing Parts; (5) Express Mail Label No. EV001787527US showing a January 28, 2002 mailing date; (6) a confirmation letter dated January 5, 2004 from the U.S. Postal Service confirming delivery of "Express Mail item number EV001787527US" to "M. Boston" at the U.S. Patent Office on January 30, 2002; and (7) a copy of an original Notice of Recordation of Assignment Document indicating recordation of the enclosed assignment on January 28, 2003 at Reel 012548, Frame 0921.

Applicants respectfully submit that the confirmation letter from the U.S. Postal Service (item 6 above), combined with the Applicants' response bearing a "Certificate of Express Mailing 37 CFR §1.10" identifying Express Mail Label No. EV001787527US and dated January 28, 2002, establishes that Applicants made a timely and proper response to the Notice to File Missing Parts. In fact, it is quite clear that Applicants' response was received by the Patent Office. On April 4, 2002, the Patent Office issued the enclosed Notice of Recordation of Assignment Document confirming recordation of the

enclosed assignment on January 28, 2002 at Reel 012548, Frame 0921. As indicated in Applicants' response to the Notice to File Missing Parts, the Assignment recorded by the Patent Office was filed on January 28, 2002 in the same package as Applicants' response to the Notice to File Missing Parts.

In view of the above, Applicants hereby petition, pursuant to 37 CFR 1.81, for withdrawal of the Notice of Abandonment mailed December 17, 2003, and respectfully request that the application be forwarded to the appropriate Examining Attorney for prosecution as soon as possible.

Respectfully submitted,

We acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, § 1.56(a) which states: "A patent by its very nature is affected with a public interest. The public interest is best served, and the most effective patent examination occurs when, at the time an application is being examined, the Office is aware of and evaluates the teachings of all information material to patentability. Each individual associated with the filing and prosecution of a patent application has a duty of candor and good faith in dealing with the Office, which includes a duty to disclose to the Office all information known to that individual to be material to patentability as defined in this section. The duty to disclose information exists with respect to each pending claim until the claim is cancelled or withdrawn from consideration, or the application becomes abandoned. Information material to the patentability of a claim that is canceled or withdrawn from consideration need not be submitted if the information is not material to the patentability of any claim remaining under consideration in the application. There is no duty to submit information which is not material to the patentability of any existing claim. The duty to disclose all information known to be material to patentability is deemed to be satisfied if all information known to be material to patentability of any claim issued in a patent was cited by the Office or submitted to the Office in the manner prescribed by §§ 1.97(b)-(d) and 1.98. However, no patent will be granted on an application in connection with which fraud on the Office was practiced or attempted or the duty of disclosure was violated through bad faith or intentional misconduct. The Office encourages applicants to carefully examine: 1) prior art cited in search reports of a foreign patent office in a counterpart application, and 2) the closest information over which individuals associated with the filing or prosecution of a patent application believe any pending claim patentably defines, to make sure that any material information contained therein is disclosed to the Office;"
